I'm Hyejung Jang, I'm from South Korea, and I'm an exchange student. I have been going to the LAS for four months so for one semester.

I found out about LAS because of the free workshops they're held throughout the semester there's so many things I've learned from LAS because they taught not only academic skills, but also Australian culture and housing and even tourist attractions.

I think it's a really good place to meet new people. The teachers are all welcoming and they made us feel so comfortable.

Throughout the semester I had to give two presentations and thanks to LAS it went pretty good, so yeah it's all thanks to LAS.
