Master of Information Technology Project Management (Pre-2015 structure)

Important Information about Changes to Your Course

The Master of Information Technology Project Management suite, including the Graduate Certificate and Graduate Diploma, changed to the Master of Business Information Systems from Study Period 1, 2017. Students were given the opportunity to transition to the newer version of the course. The Master of Business Information Systems suite, including the Graduate Certificate and Graduate Diploma, was discontinued from Study Period 1, 2019

If you are a current student admitted (enrolled) into the Master of Information Technology Project Management suite you need to review this Teach-out plan carefully to ensure you complete the required units before the teach-out period finishes (taking into consideration pre-requisite subjects and final subject offerings as listed below)

2011-2014 Course Rules
Students commencing 2011-2014
Only follow the details in this column if you started this course BEFORE 2015 and chose not to transition to the newer version
For students admitted between 2011 and 2014 into the Master of Information Technology Project Management suite and who did not transition into a later course structure
To qualify for the award of Master of Information Technology Project Management students must complete 12 units of study (150 credit points) as follows: • 4 Core Introductory IS units; • 8 core ITPM units Students with a previous tertiary degree in IS or IT from a recognised institution and/or relevant work experience may be eligible for exemptions. Regardless of any credit awarded within this degree, students must complete a minimum of 50% of the units with Swinburne University as part of this degree Suite. NOTE: No exit awards
