

MY CLASS TIMETABLE: HOW TO VIEW, PLAN AND EDIT YOUR TIMETABLE

1 View your Class Timetable

Note: You must be enrolled in units to register into classes and complete your class timetable. Find out how to enrol online with our [help guide](#).

- a | Log in to **My Class Timetable** with your Student ID and password. You'll see a screen similar to the example shown below.

Note: If you're a new vocational education student, and you've received in your welcome email that your class timetable will be done for you, you won't be able to view your timetable yet.

The screenshot displays the 'My Class Timetable' interface. At the top, it shows the unit for '2015 Summer' and a 'Week Starting' dropdown. There are buttons for 'Refresh', 'Register into clash free classes', and 'Register into all single class activities'. A message states: 'There are 6 classes from 2 units available for registration.'

Unit	Study Requirements	Registration Status	Expand All
<input checked="" type="checkbox"/> DES10030 Photography in Communication Design	60-Minutes Lecture 1, 60-Minutes Lecture 2, 120-Minutes Studio 1, 120-Minutes Studio 2	1 Class Not Registered	<input type="button" value="Change"/>
<input checked="" type="checkbox"/> EDU10015 Careers in the Curriculum	420-Minutes Lecture 1, 420-Minutes Lecture 2	All Classes Registered	<input type="button" value="Change"/>
<input checked="" type="checkbox"/> PHI10003 Critical Thinking	120-Minutes Class 1, 120-Minutes Class 2, 60-Minutes Lecture 1, 60-Minutes Lecture 2	No Classes Registered	<input type="button" value="Register"/>

Below the table is a 'Print' button and a 'Timetable Details' section. The timetable grid shows days from Monday to Friday and times from 8 am to 4:00 pm. Classes are shown as colored blocks with checkmarks and details:

- Tuesday 10:00-11:00:** DES10030 Studio 1 (1) Hawthorn IS105/IS106
- Wednesday 10:00-11:00:** EDU10015 Lecture 1 (1) Hawthorn ATC101
- Thursday 10:00-11:00:** EDU10015 Lecture 2 (1) Hawthorn ATC101
- Thursday 10:30-11:00:** DES10030 Studio 2 (1) Hawthorn IS105/IS106

2

Registering into classes and making timetable changes

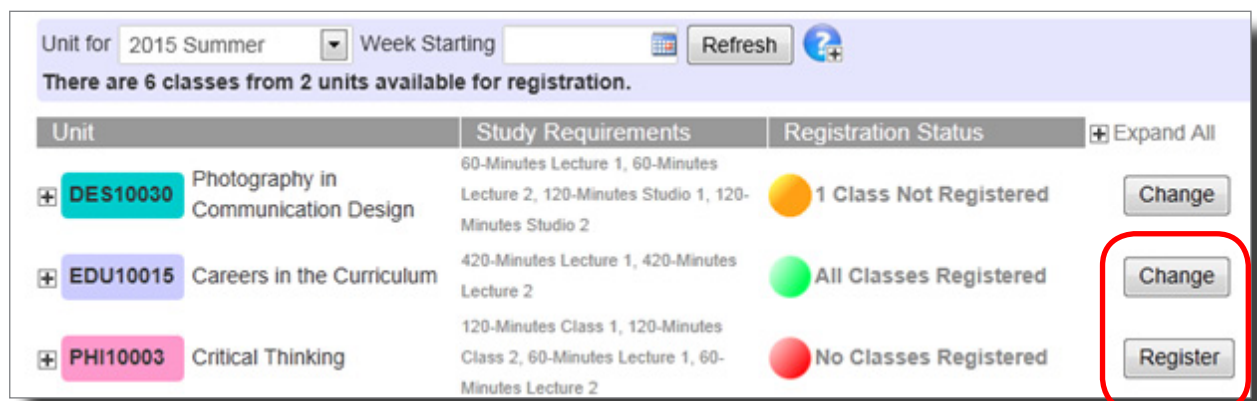

There are two ways you can register into classes.

Option 1: Click **Register into clash free classes** to automatically register into a timetable with no clashes.

Note: If a single clash occurs within your class timetable, the system is unable to perform this function. If this happens, you will receive an error message and will need to register into classes using Option 2 as outlined below.

Option 2: Click **Register** or **Change** in the middle section to manually register into classes, or change an existing class registration.

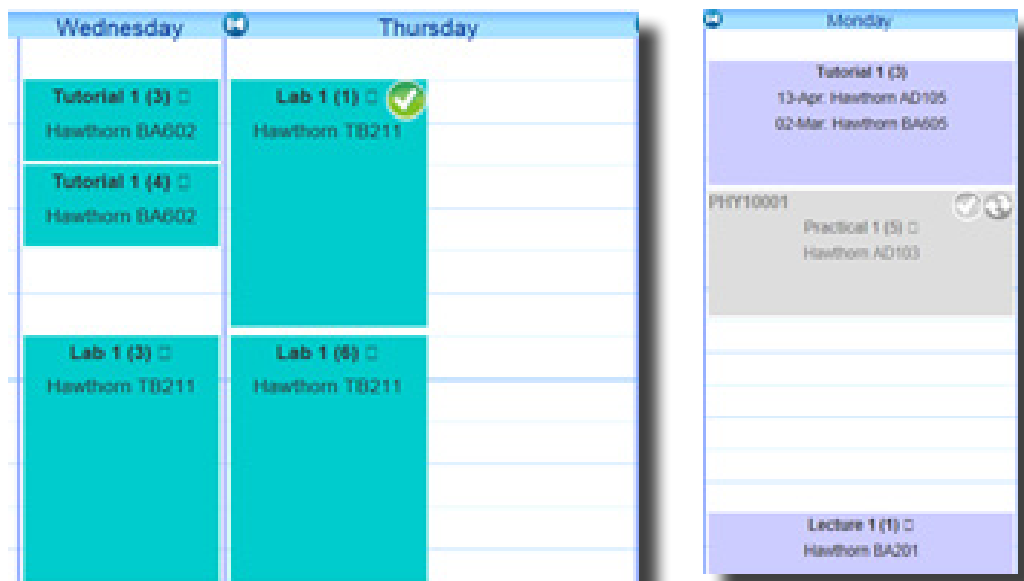

Using the Register/ Change button

Click **Register/ Change** next to the unit you wish to register into or make changes to.

All of the class activities (i.e. labs, lectures, tutorials, workshops and practicals) for that particular unit will automatically display in the calendar.

Each class will display the following information:

- Unit Code (e.g. PHY10001)
- Activity name and class number (e.g. Practical 1 (5))
- Location (e.g. Hawthorn)

The status of each class activity is also represented by a symbol, in the top-right corner of each class.

The table below displays the various symbols and their meaning:

		Registered class: you have successfully registered into the class.
		Swappable class: there are available classes that you can swap into from the currently registered class
		Stream class: a class that you have registered into is part of a stream. A stream is a set of classes for a unit.
		Register pending class: a class that you have nominated to be registered into or to be swapped into.
		Unregister pending class: a class that you have nominated to be unregistered from or to be swapped out of.

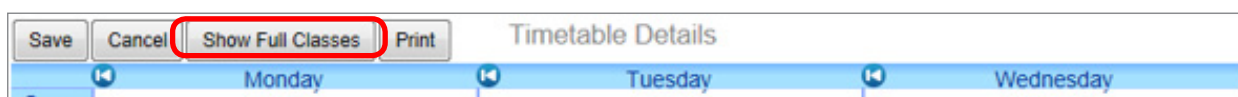

You can now begin to register into classes, swap classes (if more than one class offering is available) or unregister from already selected classes.

3 Register in regular classes (non-stream)

- a |** Hover over the class that you wish to edit or register into (in the Timetable Calendar Grid view).

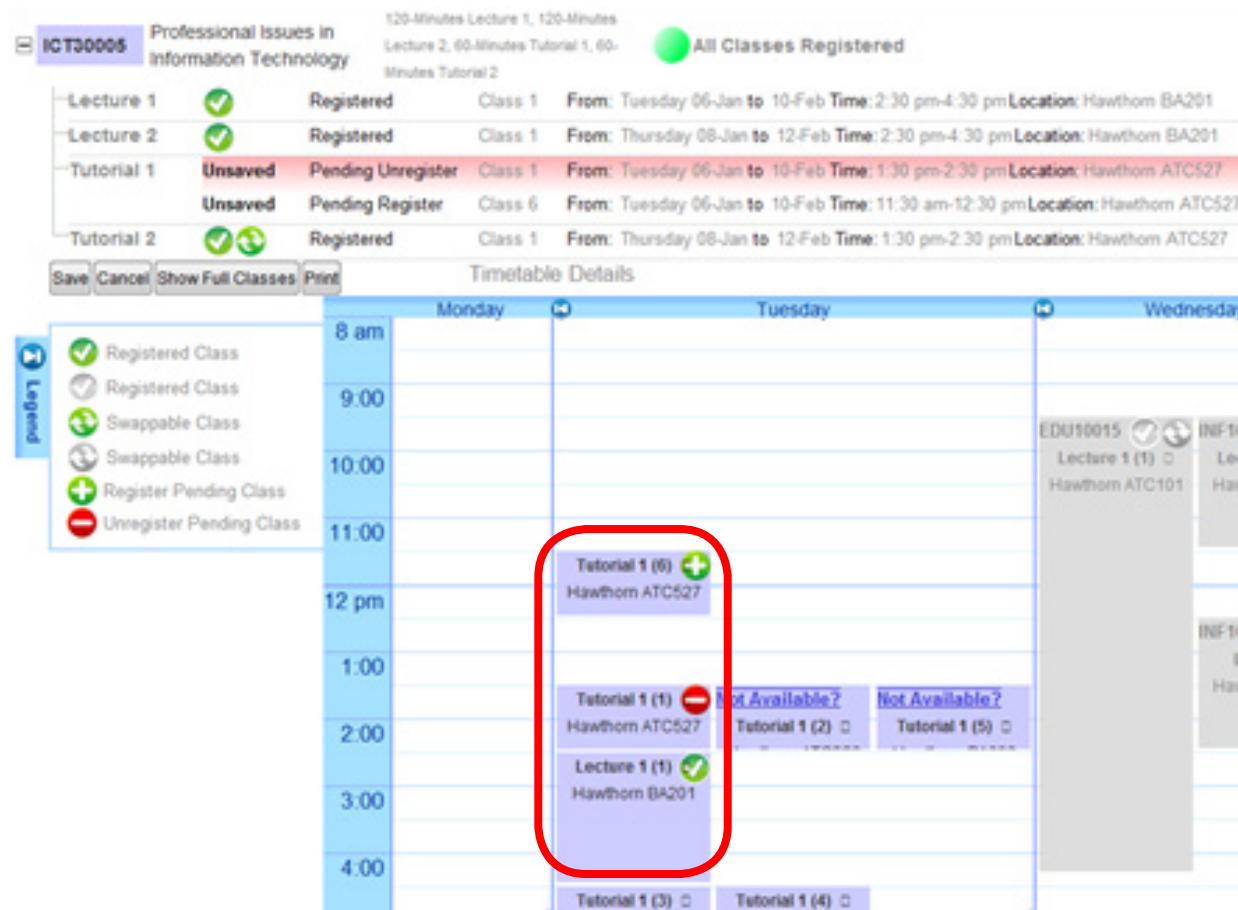

If it is available, a green plus (+) symbol will appear.

*Note: If there are no classes appearing with a green symbol, this may be because the class is at capacity. You can use the **Show Full classes** or **Hide Full classes** button (immediately above the Timetable Calendar Grid view) to either 'hide' or 'display' full classes.*

- b |** Click on the class displaying the plus (+) symbol to select the class.

If you are swapping out of another class, a minus (-) symbol will appear on your previously selected to show that you will be unregistering from it.

A screenshot of the 'Timetable Details' interface showing a class selection process. At the top, there are buttons for 'Save', 'Cancel', 'Show Full Classes', and 'Print'. Below the buttons, there is a table of class offerings for 'ICT30005 Professional Issues in Information Technology'. The table has columns for 'Lecture/Tutorial', 'Status', 'Class', 'From', 'Time', and 'Location'. A red box highlights a class offering for 'Tutorial 1 (6)' at Hawthorn ATC527, which has a green plus symbol. Another class offering for 'Tutorial 1 (1)' at Hawthorn ATC527 has a red minus symbol. Below the table, there is a 'Legend' on the left and a 'Timetable Details' grid on the right. The grid shows a calendar view with time slots from 8 am to 4:00 pm. A red box highlights a class offering for 'Tutorial 1 (6)' at Hawthorn ATC527, which has a green plus symbol. Other class offerings are visible in the grid, including 'Lecture 1 (1)' at Hawthorn BA201 with a green plus symbol, and several 'Tutorial 1' offerings with minus symbols.

Note: If there appears to be a clash of two classes, this may be because a class occurs at a different time depending on the week. You can check if this is the case by clicking the small plus sign (+) next to the unit code.

Unit

DDD10001 20Th Century Design

4 Register into stream classes

Note: A stream is a set of classes for a particular unit.

A **Stream Info** panel will appear on the left side of the Timetable Calendar Grid view, displaying a list of streams associated with a particular unit.

For each stream listed, details of the classes that belong to the stream are shown. A checkbox will also appear above each listed stream.

The screenshot shows a 'My Timetable' interface. At the top, there are buttons for 'Save', 'Cancel', 'Show Full Classes', and 'Print'. Below these are the days 'Monday' and 'Tuesday'. The main area is a calendar grid with time slots from 8 am to 3:00. A 'Stream Info' panel is open on the left, highlighted with a red circle. It contains a list of streams and their associated classes. The first stream is 'Stream 1' with a checkbox. Below it are 'Class 1 (1)' and 'Class 2 (1)', both with checkboxes and a plus sign. The second stream is 'Stream 2' with a checkbox. Below it are 'Class 1 (2)' and 'Class 2 (2)', both with checkboxes and a plus sign. The third stream is 'Stream 3' with a checkbox. Below it are 'Class 1 (3)' and 'Class 2 (3)', both with checkboxes and a plus sign. The calendar grid shows classes scheduled for Monday and Tuesday. For example, on Monday, there is a 'Lecture 1 (1)' at 9:00, 'Class 1 (2)' at 10:00, and 'Class 1 (1)' at 11:00. On Tuesday, there is an 'Unavailable?' at 9:00, 'Class 1 (3)' at 10:00, and 'Class 1 (4)' at 11:00. At the bottom of the grid, there is a grey box for 'HRM20010 Class 1 (2)'.

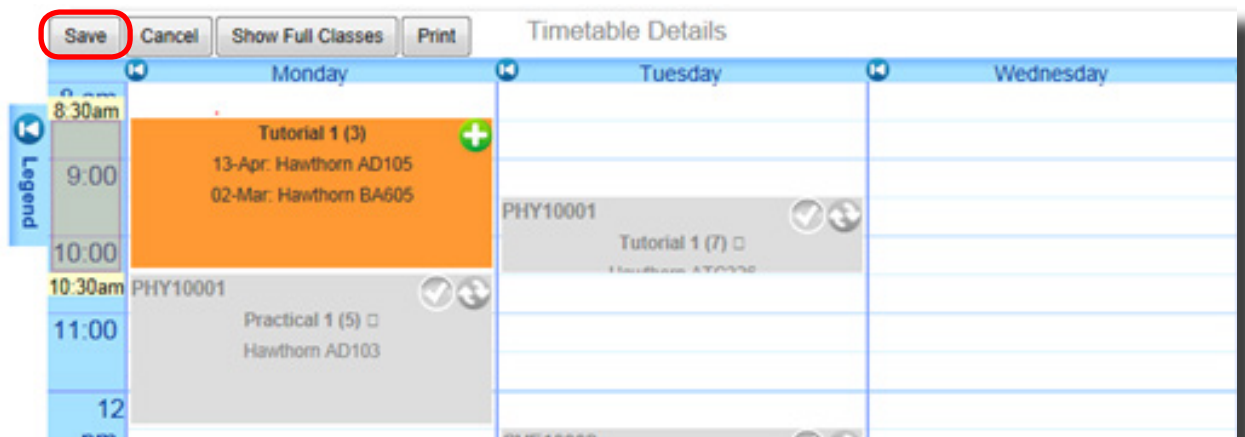

- a | To register into classes that belong to a stream, click on the checkbox above the stream, or click on the stream information listed in the Stream Info panel.

Hovering over a stream in the Stream Info panel will result in its classes being highlighted.

If the stream is available for registration, a plus (+) symbol is displayed against each of the classes associated with the selected stream, indicating that these classes will be selected for registration.

If you are already registered into the stream, hovering over the stream will result in a minus (-) symbol being displayed against each of the classes associated with the selected stream, indicating that these classes will be selected to un-register. In either case, clicking on the checkbox or against the stream information will select the classes to be registered or unregistered accordingly.

b | When you are happy with your selection(s), click **Save**.

5 Additional tips

Click the **Cancel** button to cancel any registration changes that you have not yet saved.

Click the **Print** button to display a version of your timetable that can be printed.
